_____ has applied for a position on our staff this summer.
Applicant's Full Name

We highly value your input as his/her pastor and will carefully consider and protect your answers.

At The Wilds, we have two main categories of summer staff:

1. **Counselors** spend their entire time directly with campers and lead them spiritually.
2. **Operational staff** spend limited time with campers as much of their ministry is serving behind the scenes.

With this in mind, would you recommend this person as:

- Counseling staff
- Only operational staff (not ready to counsel but would serve well in other positions)
- Neither, probably not best to hire for this summer

Do you "strongly recommend" or "recommend with reservations?" Why? _____

Do you see this person as teachable (humble spirit; eager to learn)? Please explain. _____

Does this person exhibit leadership among his/her peers? _____

Do you know of any physical limitations which would be a problem in handling the camp schedule?

Any other comments? _____

Thank you for your prompt reply!
